ANUNNAKI / CRYPTO TERRESTRIALS?

- SITCHIN VARIETY
- REPTILIAN ANUNNAKI HYBRIDS
- CRYPTO TERRESTRIALS / ARCHONS / Weidner talks about them as found in the Naghammadi texts – Anunnaki hybrids?
- “The beings that were invading were called Archons. These Archons had the ability to duplicate reality, to fool us. They were jealous of us because we have an essence of some kind, a soul, that they don’t possess, and the Nag Hammadi texts describe the Archons. One looks like a reptile and the other looks like an unformed baby or a foetus. It is partially living and partially non-living and has grey skin and dark, unmoving eyes. The Archons are duplicating reality so that when we buy into it, when we come to believe that the duplicated, false state reality is the real reality - then they become the victors” – Jay Weidner.
